## E-Safety

In the present climate of E-Safety matters, please be aware of your child's use of fixed and mobile technology.

Children under the age of 13 should not have access to social network sites.

As your child progresses through the school, he/she will use internet search engines as part of the curriculum, but this is always monitored by adults.

Children are **NOT** allowed to bring mobile phones to school unless they are in years 5 or 6. These should be handed in at the school office on arrival at school and collected at the end of the school day.

## Travel to School

The school is keen to promote sustainable ways of travelling to and from school. Children are encouraged to walk to school as often as possible. If you bring your child to school by car, you may wish to 'park and stride', i.e. park a 10 minute walk away from the school. When parking near the school, please be considerate to our neighbours.

Alternatively, we are a 'Bike It' school and work closely with Sustrans, the cycle charity to promote cycling and using scooters as modes of transport. We have ample undercover bike and scooter places in our racks, so please use those modes of transport as much as possible. Children will need to wear a cycle helmet when using their bikes. Please push the bikes and scooters through the playground for safety.
